Ms. Theresa Haskell, Town Manger
Town of Windsor
523 Ridge Rd
Windsor, ME 04363

Subject: Large Culvert Rehabilitation
Federal Project Number:
Project Number: 22560.00
Route 32

Dear Ms. Haskell,

The Maine Department of Transportation is currently working on estimating a Large Culvert Replacement Project on Route 17 in the Town of Windsor for advertisement of the subject project for competitive bids in April 2017. Construction will occur during the summer and early fall months, exact start and completion dates will be forwarded once a schedule from the Contractor has been reviewed and approved.

The project is further described as follows:

Culvert replacement on Route 17 in Windsor, located 0.82 miles east of intersection of RTE32.

After the new pavement is placed, no permit to open this segment of highway will be granted for a period of three (3) years except as provided in Title 23, M.R.S.A. §3352. The purpose of this letter is to make the necessary notifications of the project to abutters, municipal officials and occupants of the highway under the provisions of 23 M.R.S.A. § 3351.

We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites as public meeting will not be held regarding this project unless specifically requested by the municipality.

Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. Please feel free to contact me at 557-0672 with any questions or concerns.

Sincerely,

Meredith Kirkmann, P.E.
Project Manager Highway Program, Region 2
