Mold Cleanup Tips

- Use protective equipment, including gloves, a mask and goggles, to protect your eyes, nose, mouth and skin.
- Dry everything. Open all doors and windows when you are working, and leave as many open as you safely can when you leave.
- Circulate the air with fans and dehumidifiers to remove moisture.
- Anything that was wet and couldn't be cleaned and dried completely within 48 hours should be bagged, sealed, and taken outside.
- When possible, move items outside to clean.
- Scrub hard surfaces smaller than a door with water and detergent. Large hard surfaces or surfaces made of porous material, such as carpet, fabric and wood, should be thrown out.
- Keep indoor humidity low, below 60 percent (ideally between 30 and 50 percent). Measure humidity with a moisture or humidity meter, available at many hardware stores.
- Painting or caulking over mold will not prevent it from growing. Clean up all the mold before you paint.

Disaster Unemployment Assistance

- Employees or self-employed individuals in Maine who became unemployed as a direct result of this severe storm and flooding may be eligible for Disaster Unemployment Assistance (DUA).
- To be eligible for DUA, the individual must be determined ineligible for regular unemployment insurance benefits under any state or federal law. Claimants must first apply for state unemployment benefits by visiting [Maine Department of Labor's Bureau of Unemployment Insurance](#) self-service portal.
- An application must be submitted by **March 4, 2024**. Claims filed after this deadline may be ineligible.
- Those eligible for DUA are encouraged to also apply for federal assistance.

U.S. Small Business Administration (SBA)

- SBA disaster loans are the largest source of federal disaster recovery funds for survivors. Businesses, homeowners, renters, and certain nonprofits that were affected may apply online for low-interest disaster loans using SBA's secure website at DisasterLoanAssistance.sba.gov/ela/s/. Applicants may also call SBA's Customer Service Center at **800-659-2955** or email DisasterCustomerService@sba.gov for more information. Individuals who are deaf or hard-of-hearing may call **800-877-8339**.
